It's Your Choice

Your Choice Funerals and Chris Sample Funerals are an independent family run funeral service who aim to give families the best possible price for package funerals, all our prices are straight and upfront with no hidden charges what you see in the brochure is the price you will pay no hidden extras guaranteed.

We pride ourselves in offering a personal and professional service to the public at such a difficult and vulnerable time every family faces. Our funeral packages are set up to give families a guide line and an idea of what different funerals will cost. We understand people have varied lifestyles and personalities and we can help combine these and relate them into our funeral packages and make it personal to you and your loved one.

When a loved one passes away it is unexpected no matter what the circumstances. Families are then rushed into making decisions, such as choosing a funeral director, which is unnecessary and can become costly if rushed into any decisions. We like to encourage families to shop around first.. ... Ask funeral directors for prices, don't be rushed into anything you're not 100% certain about, and ask the questions you want answered.

We have Chapels of Rest located in all of our offices with very flexible opening hours. A funeral director is available 24 hours a day 7 days a week and is available for appointments week days and weekends.

If you would like any further information or support please don't hesitate to contact us by phone, email or by coming along to one of our offices, let our family help yours.
